

## **RED FORGE LTD – Announces Extended Warranty**

***January 2011, Axle Load Indicator Products: Limitlite VTS, Limitlite Plus, Axalert Plus and Axalert 20/20***

Red Forge Ltd will hereby give a lifetime warranty (parts and labour) on the above mentioned products, providing:

- 1) The product is recalibrated/inspected by Red Forge Ltd in accordance with our recommended guideline of every 12 months from the date of installation and certainly within 15 months of the last recalibration/inspection.
- 2) The holder/owner of the vehicle allows free access to the said vehicle within the above specified time to enable normal recalibration/inspection work to be freely carried out.
- 3) That the recalibration/inspection is invoiced and paid for in accordance with our normal trading terms.
- 4) Any product failure is not due to damage caused by abuse and misuse of the equipment and that it is used within its recommended limits and applications. (for example, damage caused by off road use would be chargeable)
- 5) The vehicle remains in possession of, or under the ownership of, the original user/purchaser when the product was first installed. The title and rights to this extended warranty do not pass.
- 6) We reserve the right to alter or remove this offer at any time, however any systems sold under this agreement will remain covered as above.

Signed

**Andrew Freeman**  
Managing Director
